

BURLINGAME CRITERIUM

2014 Course Description

The 2014 course is the same as the 2013 course. The course was changed in recent years due to construction in the downtown Burlingame Area. The 0.71 mile circuit (about the same length as the traditional course) starts on Bellevue Ave, next to the Burlingame Library. It then runs counter-clockwise making an immediate left onto Primrose Rd, then a hard right onto Chapin Ave. You get a long straight down Chapin, but then brake hard for a tight, left-handed hairpin and reverse back up the other side of Chapin. A small right/left chicane cuts across Primrose and brings you onto the straights of Donnelly Ave which ends in a hard left onto Lorton and transitions in a sweeping left hand turn back to Bellevue Ave. Chances are this last sweeping left will be a VERY fast section as everyone accelerates for great
